Moderator: DING Zhimin, Deputy Director General of Policy Department, NEA
- 10:00 – 10:45 Chinese Case Studies/Presentations:
Deputy Director CHE Changbo, Oil and Gas Strategic center, Ministry of Land and Resource, “Current Status of Unconventional Gas Development in China (Industry)”
- 10:45 – 11:30 ExxonMobil, Mark Pospisil, Senior Vice President, XTO (a subsidiary of ExxonMobil), “Large-Scale Shale Gas Development & Production Experience at XTO / ExxonMobil”
- ConocoPhillips, Greg Leveille, General Manager, Non-Conventional Resources, “Shale Gas Exploration and Production: Eagle Ford Case Study”
- Baker Hughes, Ziqiong Zheng, Director of Sales and Operations – North Asia, “Shale Gas – Water Based Mud, Geomechanics and Fast Fracturing Technology Applications”
- 11:30 – 12:00 Moderated Question & Answer Session and Discussion
- 12:00 - 13:30 Buffet Lunch
Venue: Louvre Garden (open area on the first floor of Jin Jiang hotel)
- 13:30 – 14:30 **Topic: Shale Gas Exploration & Production**
Moderator: Deputy Director General CHE Changbo, Oil and Gas Strategic Center, MLR
- Halliburton, K.K. Chong, Chief Global Technical Advisor in PE Tech Services Department, “Effect of Completion Methodology on Production in the Haynesville Shale”

GM LI Luguang, Oil and Gas Field of Southwest China Dept, National Petroleum Corporation “status and practice of shale gas exploration and development in Sichuan Basin”

WANG Xiangzeng, Shaanxi Yan Chang oil(Group), “shale gas research and exploration practice, southeastern continental Ordos Basin ”

14:30 – 15:00 Moderated Question & Answer Session and Discussion

15:00 – 15:30 Tea, Coffee, Networking Break

15:30 – 16:30 **Topic: Tight Sands and CBM**

Moderator: Deputy Director General CHE Changbo, Oil and Gas Strategic Center, MLR

Halliburton, Joe Dumesnil, Petrophysicist and Geologist, “Analysis of Completion Design, Log Parameters, and Production Results to Gain a Better Understanding of Effective Production Enhancement Methods in the Piceance Basin”

Far East Energy, David Minor, Petroleum Engineer and Executive Director of Operations, “Shouyang CBM Project – Design for Production”

Gan Zhenwei, SINOPEC, “E&D Technologies of Tight Sandstone Reservoir in West Sichuan, SINOPEC”

GUO Guangben, Vice General Manager, China United Coal bed Methane Corporation, Development Situation of CBM Exploration in China

16:30 – 17:00 Moderated Question & Answer Session and Discussion

18:00 – 20:00 Reception and Dinner hosted by NEA and Sichuan Provincial Government

Monday, September 26

Themes of Morning: Natural Gas Markets and Gas-to- Market Infrastructure

- 8:00 Registration
- 9:00-9:10 Call to Order
- David Sandalow, Assistant Secretary for Policy and International Affairs, U.S. Department of Energy
- Venue:** Jin Jiang Hall
- 9:10 – 10:10 **Topic: Natural Gas Markets**
Moderator: Peter Perez, Deputy Assistant Secretary, Department of Commerce
- An Zichun, Manager, CNOOC Gas & Power International Trade Corporation, “Increasing uncertainty – Asian LNG market”
- Chi Guojin, Secretary of China Gas Association, “The Developing City Gas Industry in China”
- ConocoPhillips, W.L. (Bill) Bullock, President of Global Gas & Power, (“Impact of U.S. Shale on Global Gas Markets”)
- 10:10 – 10:40 Moderated Question & Answer Session and Discussion
- 10:40 – 11:10 Tea, Coffee, Networking Break
- 11:10 – 12:10 **Topic: Gas-to-Market Infrastructure**
Moderator: Peter Perez, Deputy Assistant Secretary, Department of Commerce
- Capstone Turbine, Simon Xu, China Country Manger “Microturbine for Oil and Gas and Shale Gas”
- GE Energy, Tom Hausfeld, Marketing Program Manager “Flexibility for De-Centralized Energy & CHP and Wind Firming”
- Vice GM LIANG Peng, Natural Gas and Pipeline Company, China National Petroleum Corporation, “Chinese oil and gas storage and transportation facilities overview”
- WEI Hong, Managing Director and President , Xinjiang Guanghui Petroleum Co., Ltd., “Small LNG industry to promote the building for the development of unconventional resources”
- 12:10 – 12:40 Moderated Question & Answer Session and Discussion
- 12:40 – 14:10 Lunch
- Venue:** Louvre Garden (open area on the first floor of Jin Jiang hotel)

Monday, September 26

Themes of Afternoon: Deepwater; Heavy Oil

14:10 – 15:10 **Topic: Deepwater**

Moderator: Christopher Smith, Deputy Assistant Secretary for Oil and Natural Gas, U.S. Department of Energy

Xie Xiaojun, Project Manager, CNOOC Exploration Office, Exploration Dept of Research Institute, “Exploration History and Challenges in the deep-water area of the Northern South China Sea”

GE Oil & Gas, Robert Shen, China Area Sales Manager, “Deepwater Technology Drivers”

Chevron, Kevin Taylor, General Manager Asset Development China, “Enhancing Industry Capability for Drilling Deepwater Wells – A Chevron Perspective”

15:10 – 15:40 Moderated Question & Answer Session and Discussion

15:40 – 16:10 Tea, Coffee, Networking Break

16:10 – 17:10 **Topic: Heavy Oil**

Moderator: Christopher Smith, Deputy Assistant Secretary for Oil and Natural Gas, U.S. Department of Energy

Hess Corporation, Zhiyong Zhao, Vice President (General Manager, Hess China), “Building Successful Unconventional Liquids Project: Technology, Infrastructure, and Lean Management”

Wang Zenglin, Shengli Oilfield, Chief Senior Specialist, Sino - Pec Heavy Oil Development “Technique in Shengli Oilfield”

17:10 – 17:40 Moderated Question & Answer Session and Discussion

17:40 – 18:00 OGIF Wrap Up and Closing Remarks

- ZHANG Yuqing, Director General of oil and Gas Department, NEA
- Christopher Smith, Deputy Assistant Secretary for Oil and Natural Gas, U.S. Department of Energy

Tuesday, September 27

8:00AM **Industry Site Visit** -- Weiyuan shale gas field
